

# PATLITE

## NH series Network Monitoring Signal Tower

### Introduction

Thank you for purchasing the PATLITE "NH series" Network Monitoring Signal Tower. Before installation and use, please read this NH series quick-start operation manual (henceforth referred to as "this book") and its cautions and guidelines, then go to the following URL to download the instruction manual which explains more details regarding this product.

<http://www.patlite.com/>

\* Since the URL indicated above will also contain information regarding firmware updates, etc., it is recommended to refer back to it periodically.

### Notice

- ▶ The copyrights of this book is owned by the PATLITE Company, Inc. (henceforth referred to as "our company"). Any reproduction, duplication, alteration, or extracting portions of this book, etc., without written permission from our company is forbidden.
- ▶ Specifications, designs, and other contents written in this book may be changed for improvements without prior notice and may result in differences from the actual purchased product.
- ▶ This product meets severe quality control and inspection requirements prior to shipment, but if some failure or defect is found, please contact the place of purchase, or your PATLITE Sales Representative (indicated on the last page) to solve the issue.
- ▶ Please understand prior to use that no responsibility is taken at our company from any customers or third parties, for damages or other disadvantages, due to any failure or defect produced by using this product.
- ▶ Also, please understand that our company does not take any responsibility for damage and other disadvantages this product (software included) has caused due to the customer using this product outside its designated application, such as for home, office and industrial use. This product is not for the use of applications which requires high reliability, such as for medical equipment and systems related (directly or indirectly) to human life.
- ▶ Please understand prior to use that no responsibility is taken at our company for damages or other disadvantages, due to customers using this product beyond the scope of its general application, or from any claims from third parties.
  - When using this product for applications in which equipment of higher reliability than the general application demands, such as a computer system, etc., please use suitable safety design countermeasures against system failure, etc.
- ▶ Due to the characteristics of the LED's, variations in brightness and color of the indicating lamps may occur.
- ▶ This product (Body only) conforms to EN standards and shows the CE Markings.
- ▶ The AC Adaptor included does not conform to the EN standards, therefore does not show CE Markings.
- ▶ To retain the UL certification for the main unit, it is required to use an AC adaptor with UL Listing.

### FCC Compliance

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation.

### Package Contents

The following items below are included when being shipped. If there should be any missing items, please refer to the end of this book for your nearest PATLITE Sales Representative.

(1) Body (1pc.)

(2) AC Adaptor (1pc.)

\*The AC Adaptor for NHL-3FB1N-RYG is not enclosed.

(3) Adhesive Seal (8pcs.)  
Rubber Feet (4 pcs.)

(4) Support Base (1pc.)  
Screws (3pcs.)

(5) This Manual (1pc.)

## AC Adaptor Specifications

When ordering an AC Adaptor separately, use the following specifications. Since the voltage output of AC Adaptors drop when there is insufficient current (example: unregulated transformers, etc.), be sure to use an output current rating above the recommended rating. Failure to comply may result in failure of this product. Be sure to use AC Adaptors with built-in regulation systems to ensure a regulated output voltage (switching power supplies, etc.)

◀ Recommended AC Adaptor Specifications ▶

- DC Secondary Output
- Voltage : 24V DC ±5%
- Current : 0.75A to 1A max
- Plug Length : 9.5mm
- Plastic Housing : 11mm dia.
- Plug Connector Outer Diameter : 5.5mm dia.
- Plug Connector Inner Diameter : 2.1mm dia.

## Network Setup

Once the power supply is switched on and startup is complete, enter the IP address of this product into the web browser (as shown in Fig. 1) address section. The default IP address for this product is "192.168.10.1".

[Web Browser Address Entry] <http://192.168.10.1/index.htm>

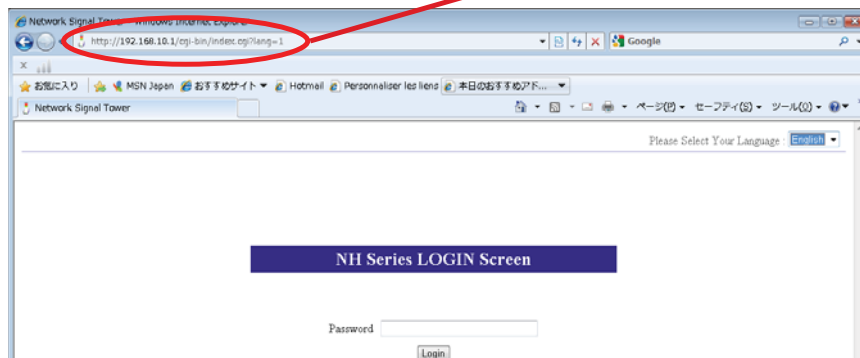

Fig.1 Login Screen

When the login screen is displayed, go to the upper right of the screen where "Please Select Your Language" is located to select the preferred language. Enter the default password "patlite" in the password field, then click the "Login" button.

Because the default password is "patlite", please be sure to change the password to prevent any security breaching.

Use the operation manual downloaded from our website for the setup instructions of this product.

- The LAN cable can either be a straight or cross cable when connecting the PC to this product.

## Questions Regarding this Product
